

C **Fmaj7**
Tell me all the things you would change
C **Fmaj7**
I don't pretend to know what you want
Am **D**
When you come around and spin my top
F **E**
Time and again, time and again
C **Fmaj7**
No fire where I lit my spark
C **Fmaj7**
I am not afraid of the dark
Am **D**
Where your words devour my heart
F
And put me to shame, put me to shame

Chorus:

G **Dm7**
Your seven worlds collide
F **G** **C**
Whenever I am by your side
G **Dm7**
Dust from a distant sun
F **G** **C**
Will shower over everyone

Fmaj7 | **C** | **Fmaj7**

C **Fmaj7**
You're still so young to travel so far
C **Fmaj7**
Old enough to know who you are
Am **D**
Wise enough to carry the scars
F **E**
Without any blame, there's no-one to blame
C **Fmaj7**
It's easy to forget what you learned
C **Fmaj7**
Waiting for the thrill to return
Am **D**
Feeling your desire burn
F
And drawn to the flame

Bridge:

Am **G** **F** **G**

And I'm lying on the table washed out in the flood

Am **G** **F** **G**

Like a Christian fearing vengeance from above

Am **G** **F**

I don't pretend to know what you want

But I offer love...
