

Em C G D
Hey Catalonia, I was just getting to know ya
Em C
When you stumble down those streets tonight
G D Em C G
Just know you'll be on my mind
D Em C G D
You'll be on my mind

[Verse 1]

Em G
The streets still radiate with heat, we hang onto the summer
D Cmaj7
Pour me a tall dry Vermouth, and take me undercover
Em G
Spend another night with you in our sweet disorder
D Cmaj7
The seaside always fills the air all through the Gothic Quarter

[Pre-Chorus]

Em G
Oh, somehow I got to walk you home
D Cmaj7
And oh, I guess I forgot to take it slow
Em G D Cmaj7
Oh, you take me places I can't go alone, alone

[Chorus]

Em C G D
Hey Catalonia, I can hear you across the ocean
Em C G D
All the stories that we left behind, I trust you're my alibi
Em C G D
Hey Catalonia, I was just getting to know ya
Em C

When you stumble down those streets tonight
